# Chapter I

## The Kingdom Economist

By Lovella Mogere

*Jesus spoke about the kingdom of this world and the kingdom of God having different realities.*

**E**ach reality has an imprint and an impression on our lives. Our worldview determines our ideology and practices, not only in the marketplace, but in our approach to life. For example, one worldview may be represented in business by a drive for success at any cost, corruption,

## The Kingdom Economist - "The Vault"

manipulation of clients, greed, selfish ambitions, self-promotions, and self-interest as the top priorities in dealings with others. Or we may experience the worldview of the kingdom through integrity in business dealings, generosity, loyalty, faithfulness, honoring our commitments even when it cost us everything, and leaving the blessings behind, especially from those who use and seek to destroy us. Our paradigms expose the worldview of the kingdom represented.

The kingdom of God and the kingdom of this world are polar opposites, so these economic systems are also opposite in their objectives, methods of operation, and impacts on the lives of individual participants systematically, thus producing the economy.

### **The Economy**

The "Economy" is the anglicized form of the Greek word *oikonomia*. The word is of two parts: 1) *oikos* meaning house and 2) *nomos* meaning law or administration. In 1 Timothy 1:4, it speaks of God's economy "*oikonomia*," that when translated from the

## The Kingdom Economist - "The Vault"

Greek) primarily signifies household management, administration, arrangement, distribution, or dispensation. The word "economy" is used with the intention of stressing the focal point of God's divine enterprise, which is to distribute or dispense, Himself into man.

Another definition is the management or administration of the property of others. It can also be translated as "stewardship" such as in Luke 16:2-4, where ο κovoμiα is seen from the perspective of a particular person. (Note that ο κovoμiα is often translated as "dispensation" which commonly but erroneously is defined as a period of time or epoch.)

The word ο κovoμiα (economy) is composed of iοikos, meaning house, and νομός, meaning law. The word νομός can be traced back to the word νέμω, meaning "to distribute among themselves, hence to possess, enjoy, and have in use. Thus, ο κovoμiα can be defined as the distribution of goods to members of a household for possession and enjoyment.

## **The ECONomy of God**

The kingdom ECONomy is an environment and economic system that operates by the rules of Heaven. The ECO (environment, atmosphere, presence) of God reveals that God's ECONomy is to distribute Himself, to dispense Himself, as the "household goods" to His chosen people, as members of His household, to "possess" and "enjoy." Whether in business, government, education, finance, or ministry, it is required that we spend time with the King to be able to understand and then implement the principles and rules of Heaven's economic system.

## **You are a God's ECONomist**

An economist is an expert who studies the relationship between a society's resources and its production or output. Economists study societies ranging from small to the largest communities based on characteristics of the economic systems.

You are God's ECONomic system, His ECONomic order, His expert, His system of production, resource allocation, and distribution of goods and services within a society. It includes the

combination of the various institutions, agencies, entities, decision-making processes (policymakers), and consumption patterns that comprise a given community's economic structure.

### **Confidence in God or Mammon?**

Jesus said in Luke 16:13 "No servant can serve two masters; for either he will hate the one and love the other, or else he will be loyal to the one and despise the other. You cannot serve God and mammon.

Jesus is saying here that dual service is impossible' it cannot be done. You either have to serve one or the other, but you can not serve both. The reason is they are in direct opposition to one another.

Mammon is one of the foundations of the world economy. In Luke 16, Jesus chose the Aramaic term *mammon* to illustrate a profound truth. What exactly is mammon? The word *mammon* is often mistakenly interpreted as "money." Mammon means "confidence in wealth or power; that which is to be trusted." The original Aramaic word means "avarice

## The Kingdom Economist - "The Vault"

(or greed) defiled." Mammon is a principality, a demonic force or energy. Not only can people be influenced by this demonic force, but an entire nation are ruled by this demonic principality, a spirit of greed and avarice that drives the world's systems.

If you're wondering about you fitting in this world's system? Here is the good news; you are never going to fit in this world system. You will feel uncomfortable, and outsider even, operating in realms given access to, yet maneuvering with the wisdom and knowledge of God called (strategies). Your access to God's wisdom will cause you to stand out from your peers. Furthermore, you will know things others don't know because of your relationship and reliance on your comforter, the Holy Spirit, which speaks and guides you. Promotion will always come, it may not make sense to others because you walk in the favor of God.

### **God's Secrets**

Though we live in distressing yet exciting times, you were chosen to dominate the economy. You are a leader in the marketplace, implement the

## The Kingdom Economist - "The Vault"

principles of God. Not only for ourselves, but to train and mentor the next generation of leaders in the marketplace. Often times we think of the marketplace as a place of wealth, when in fact we are to create an environment, an atmosphere for the presence of God to dwell in. If God's people lived by the rules of heaven, our obedience would produce tangible benefits to the nation's economy, creating a Kingdom Culture.

### **Do God and Business Mix?**

The Creator will not "mix" with those who don't walk by his standards of integrity and righteousness in their business (which is God's business) you are the steward of His business. How do you set the standard?

- Set aside time daily to meet with the Creator (The CEO) of your business. Begin with a structure time, just like a meeting on your calendar. Ask the CEO to meet with you, ask Him lots of questions and LISTEN for His answers.
- Don't be discouraged if your blueprint is

## The Kingdom Economist - “The Vault”

different and no one in the room speaks your language. It is more important to be faithful to the commitment of time invested. For what your building is, the landscape of time. Legacy speaks, and you were chosen to build the concept of God’s plan.

- Seek the Creator for prophetic insight, concerning your business, bring issues before Him and ask the Lord to make you a better steward over his storehouse.
- If you are in government, ask God for the wisdom to govern, ask the Lord what is pressing to Him that you need to override in the earth realm.
- Keep a journal. Write what from a global perspective. Write the strategies, tactics and concepts of God’s agenda for your role and function of your position.
- Practice seasons of fasting and praying for new rules of engagement. You can still “avodah” work and worship the Lord while you fast.

Remember you are God's Economist, you are a VAULT, a storage place for global distribution of

## The Kingdom Economist - “The Vault”

wealth whether it is through real estate, stocks, bonds, import, export, sales, consulting, manufacturing, entertainment, media or finance. Your principles will navigate, your strategies will implement, your wisdom will acquire wealth for generations to come, advancing the kingdom while transcending beyond cultural norms, changing the lives of many. You are God's ECONomists!

### **About The Author:**

Dr. Lovella Mogere, is the founder and president of Surge Hub, dedicated to helping Marketplace Leaders globally. She is a #1 best-selling author, motivational speaker and CEO of Nous Mass Media - “Raising the Levels of Consciousness and Intelligence” by providing a literary platform for authors globally. Lovella’s ministry is dedicated to teaching biblical realities and kingdom principles to leaders building, shifting, transitioning and advancing through prayer.

## Chapter 2

### You Can Make It

By Estine Matthew

**W**ith an Associate in Business Management and working my regular 7 am-7 pm schedule as a medical assistant, I was looking for other ways to make a difference for myself and others. Daily life can take a toll on your body, leading me to try Vida Divina products, which helped me with my lack of energy and provided all the necessary supplements that I needed.

## The Kingdom Economist - “The Vault”

Feeling better and knowing these products worked, I wanted to share them with others.

At first, I had my doubts as to how I would accomplish being a successful entrepreneur in this great company with more than 1/2 of the distributors being bilingual. Being that my start-up took a great loss with profits due to product and customer payment delays, my clientele quickly grew with the support of my wonderful up line. In life we go through obstacles, mine was figuring out how I was going to take my business to the next level. With strategies in place and business on the uprise, COVID-19 came, causing me to cancel events and refund tickets.

During the cancellation of my business events, my faith got stronger, I was a little disappointed, but I said, “*God is in control and everything will work out just fine.*” Sometimes our timing is not God’s timing, and I have learned to be led by faith. By believing and a little plan changing, I became more open with people on social media and found ways to promote my business which has kept me grounded. I love the feeling I get when my customers are satisfied with

## The Kingdom Economist - “The Vault”

their purchases. I continue to push forward because I have many friends, family, and business partners, checking on me very often and helping to keep me encouraged. “Therefore prepare your mind for action, keep sober in spirit, fix your hope completely on the grace to be brought to you at the revelation of Jesus Christ” (1 Peter 1:13). To be the best version of yourself as an entrepreneur, you have to have a vision before you, even if you don’t believe it’s possible. You have to believe in yourself when no one else does. You have to fulfill your purpose for your business even when you’re feeling discouraged and fall, start again. You have to be committed, disciplined, and observant of yourself. Sometimes it’s not easy but just sit back, take a break, breathe and have an “***I can do it***” spirit. You will get it done! Always be positive about your business. Remember, you have a vision for seeing your business succeed.

### **About The Author:**

Estine Matthew is a wife, mother, grand and great mother, pastor, and entrepreneur. Most of her days are spent with family, with the thrill of travel, and other days she spends time helping people.

## The Kingdom Economist - “The Vault”

Having worked in the medical field for over 30 years and enjoying seeing people care for themselves, she started as an independent entrepreneur for a company called Vida Divina. Christian- based and leading with love, they sell a variety of health and wellness products, which has personally enhanced her quality of life. Estine.vidadivina.com - IBO: 90069101

# Chapter 3

## Purposed Reason

By Stanshaw Cornelius

**G**rowing up on the island of Antigua has taught me so much about life. The evident beauty in the natural order of her shores and the ability to dream have generated not only a desire to seek out its hidden treasures of potential, but to also make a significant impact in the lives of others. I am of the belief that no vision is ever intended to serve just one person, but more or less divinely

## The Kingdom Economist - "The Vault"

purposed by God to draw a generation known and unknown to the hope that lies within.

In Genesis Chapter 12 verses 1 through 3, Abraham obtained prophetic insight from God about an inheritance or legacy that he was destined to fulfill in the earth realm. Although he was without a seed, the covenant between him and God became the proof of inevitability. In light of this, he was compelled to action. He had to move toward the direction of what he had heard, even without all the day-to-day details of its unfolding. From his journey, one is able to capture a few things about my walk through purposed reason.

A few years ago, God spoke to me saying that I would become a pioneer, that I would accomplish many firsts, and trust that at the time I could barely envision what I am doing now, yet I believed as Abraham believed. I, too, didn't appear to have much to facilitate this vision to build a global company, but in my reserves were faith, determination, and a relentless will to advance without apology. These were keys that enabled me to unlock those doors that

## The Kingdom Economist - "The Vault"

seemed to be so far out of reach, and to accomplish the great things that were whispered in my ears since I was a little girl in the village of Clare Hall.

*"Now do keep in mind that everything the Lord has prepared in advance has not yet entered into my consciousness, therefore.....I am still becoming."*

There are times when I feel like maybe I am attempting too much, wanting too much, or hoping for too much; but God's reality embedded into my heart, mind, and soul all those years ago, springs up into my remembrance and those fleeting imaginations vanish. I have conditioned my mind over the years to think expansively, dimensionally, and to live intentionally. I will never be intimidated by a big idea or massive success because that is what I was meant to experience. Those are the tangible realities, therefore, they must be embraced. As a matter of fact, I am at the place right now in my life where absolutely nothing is considered hard or difficult once God is in the center of it all. In his hands all my plans have been devoted, so the directives from him, being the source, are what steer my course.

## The Kingdom Economist - “The Vault”

*“I am strategically positioned to govern according to the measure of grace he has measured for me....”*

Every Kingdom Economist earnestly watches, not gaze, but observes the ordained science of the knowledge of God to become better equipped in the skilled execution of their purpose. Being thus carefully constructed through divine intelligence, the knowledge of the greatness within makes all things possible. We are made in his image and likeness and therefore possess a natural inclination to dominate, prosper, excel, triumph, progress. So, I can see no other reality but what the word of God contains.

When I first started this company/ministry, a lot of people couldn't see nor could they understand from their vantage point what God was working out in my life, so many have come and gone. I will be the first one to tell you that I felt a bit like an outsider, not an outcast, but simply someone who doesn't quite fit into the mold. And guess what, that is exactly what God designed. You see, those seasons helped me to tap into a strength I never realized I had, a strength that pushed me to defy all the odds.

The Kingdom Economist - "The Vault"

*"A woman, a woman as an Apostle, a woman preaching, a woman as the head of a ministry, a woman doing all those things....a black Caribbean woman....and she has locs...."*

I have learned to be confident in my identity, my life that is existing in Christ eternally. He knows what he made and in His Sovereignty, He made this existence out of a purposed reason. That is why I don't give my energy to anything outside the will of God or to the deterring currents of the blind. The very Word tells us that without "vision" the people perish...so why follow the lead of those who lack accurate foresight of the righteous intentions of God. This woman is too occupied with the business of the Kingdom to permit the distractions of the misaligned to procure any bit of recourse. So my dear readers, don't allow anyone to move you out of divine will....because you will deny an entire generation access to substance or means that creates the good paths.

Ecclesiastes Chapter 3 verse 1, denotes that for everything of value or significance in existence there is

## The Kingdom Economist - "The Vault"

an appointment, and that continuity is given to all under heaven's jurisdiction. Time and purpose are not something we should treat casually, but hold with the highest esteem, for such is a portion of grace obtained from God. Hence, we should see life as a precious source of abundance for the delight or good pleasure of the Most High and should be lived out in full.

*"I told God several years ago that I want my life to matter, I don't want to just go through the motions of the happenings of life but really do something worthwhile....He responded in agreement...and here I am...."*

The counsel I leave with you....**You are a purposed reason**....so dream with good courage and go in the doing of ordained will. Make it your business to access the Kingdom and know everything else will be added for your good.

### **About The Author:**

Apostle Stanshaw Cornelius is the President/CEO of *So Arise Music International*, a global multi-media company/ministry on the island of Antigua. W.I.

## Chapter 4

### Excerpts From the Path and Mindset of a Serial Entrepreneur

By Traycee Clemons

*Honor your father and mother which is the first commandment with a promise so that it may go well with you and that you may enjoy long life on the earth. (Ephesians 6:2)*

**H**onor has many benefits, I believe that because I have such a great honor for my natural parents that doors of favor and

## The Kingdom Economist - "The Vault"

grace were opened upon my life. My father was a postal worker for over forty years as well as having some military experience. My mother, working as a chef and owning her own catering business resulted in me experiencing both of these areas of work, minus the military. I spent many years as a postal employee and a strong mantle of a chef was also placed on my life. I cooked simultaneously while employed in other positions at many great jobs to include: the pentagon, other government agencies, the hotel industry, (that included customer service), consulting, management, sales of a wide variety of products such as; clothing, electric, cars, T1-T3 lines, security systems, home improvement products (windows, siding, doors, decks, etc.), and wireless products at Sprint and Verizon Wireless for over 12 years. I learned much and I excelled greatly and was highly recognized for having a "beast" track record in sales and customer relations while employed at the Northeast Area Regional Headquarters on the Internet Response Team and many store channels throughout the Washington DC, Maryland, and Virginia regions.

Although my job experiences were considered

## The Kingdom Economist - "The Vault"

more as being gainfully employed, because of the fact that I came from a family with awesome work ethics, to a fault I crossed the line to workhorse; the benefits however were endless. The favor, grace, and success on my life were evident. I was always recognized and catapulted to be amongst the top executives, regional management of government and corporate America as well as the church arena, somehow this was not enough. I was grateful but, I lacked satisfaction and fulfillment.

The spiritual grace and giftings on my life showed up at an early age. Being born of a mother graced in the prophetic dream realm with spiritual giftings and enablings in so many areas to include the arts, and creativity in business ideas that magnified when I became a born again believer under the covering of a leader of great faith, much prayer, worship and a strong prophetic mantle that totally changed the trajectory of my life. There was what I now consider an explosion in my life in the prophetic, a variety of ideas, creativity, and the mind of a serial entrepreneur. The latest count now being 26 visions downloaded from the press of heaven with great trials and warfare attached to them. Oh, me oh my, the

## The Kingdom Economist - "The Vault"

process and price attached to great vision, for without it the people perish. Always remembering to whom much is much is required.

I am a dreaming machine, a great visionary to include seemingly endless ways of implementing them. Although determined to have a heart of thanksgiving, being graced with so much vision however attracts attacks to include persecution, rejection, envy, jealousy, and mind-boggling prophetic trances that are so real, you can't believe it when you come back to the reality of current. The challenge can come in many forms to include knowing what to do but not knowing where to begin because the possibilities are sure but endless in perspective. My, my, my the perils and plights of a serial visionary! The good news, however, is prayer is the path to information in the Spirit, where all things are known. Faith is the icing on the cake. Works is the cherry on top. Finally, details are manifesting to include who, what where how, which vision unfolds first. Then the green light comes from above. Execution hits..... KABOOM! Manifestation of my own catering business is up and running. The orders are crazy. The mantle on my life in this area is evident.....Then....uh

## The Kingdom Economist - "The Vault"

ooh.....WARFARE and more PROCESS!  
Unbelievable events, one after the other. So much so I'm in bed now more than ever. #Injuries. My Spiritual press, however, has grown in leaps and bounds because of my cry that was much stronger because of the obedience learned through suffering as well as my devotion and decision to give GOD His due place which is first and HIS Glory. Now, the vision has greater clarity, commitment, direction, order, and purpose. It's about KINGDOM, divine connections, unity, alignment, pure motives, faith, love, and uncut truth. All of a sudden, the vision is larger with a better way to execute.

This lesson in this very early chapter of the path and mindset of a serial visionare is everything and must accompany my entire life.

### **About The Author:**

Traycee Clemons is a mother of 2 adult daughters and 2 granddaughters, a pioneer, businesswoman, innovator, teacher, church and marketplace prophet, intercessor, counselor, consultant, chef, and radio host (on hiatus) just to

## The Kingdom Economist - “The Vault”

name a few.

She is a ridiculous lover of music, a lover of eagles, and has a special kind of love for babies, children, and the elderly. Clemons also believes in the keys of faith that works by love. She is a root person, a truth-teller who believes in the power and necessity of healing and deliverance. Her desire is to inspire and birth out solutions to include the “next” that will leave legacies of great wealth in every area of the human experience.

## Chapter 5

### **Di (The) Revolutionary Love Jock (Disc Jock Redeem)**

By YAHsir Isklander

**A** freelance media personality of 20 years, who has presented radio and television programs both locally and overseas on several stations, is Disc Jock Redeem aka *Di Revolutionary Love Jock*. 2004 was the genesis into radio for Disc Jock Redeem who started out as a co-

## The Kingdom Economist - "The Vault"

host on the Friday night radio program, "Variety Mix" hosted by DJ Neish on Roots 96.1 FM, a community radio station in Kingston, Jamaica.

The polite, charming, and jovial personality of Di (The) Love Jock, in addition to the stimulating and insightful information he shares, got the attention of the station manager who asked him to present a Sunday morning program only months into his internship. He was then asked, not long after, to sit in for the prime time presenter for a short tenure. His style of presentation was so well received by the daytime listeners that he remained in that slot for several years, before moving on to drive time. There is no time on radio in which Disc Jock Redeem has not presented a program.

Presently he operates his own online network radio station which includes: Jamerican Radio, Movements IRadio, One Harmony Radio, Street Money Radio, Bumbo Claat Radio, I Live Caribbean Radio, Vibescity FM Radio, and Sunny Mood Radio. Di (The) Love Jock lovable personality has presented programs on other radio stations over the years are as

## The Kingdom Economist - "The Vault"

follows: Roots 96.1 FM, Bess 100 FM, Sun City 104.9 Radio, Stylz 96.7 FM, UFDV Radio, Reggae Airways Radio, Mad Vibez Radio, Diggitt Live Radio, Earth 96 FM, Mixx 102 and Ranks Radio.

Di Love Jock is known for his many years of services on the radio, but his media experience actually started in television as Programs Manager and Television Host in the year 2000 at Virtue Communication Network (VCN TV) an affiliate of Jamaica Amalgamated Cable System (JACS TV). Outside of being a Media Personality, Disc Jock Redeem also emcees events and gives inspirational talks primarily on matters of; comprehending biblical instructions, relationships, sex, and love from both a physical and spiritual standpoint.

In addition, Di (The) Revolutionary Love Jock is also a Musical Expressionist, from creation to presentation. This remarkable being strives to use the abilities given to him to impact the lives of others in a positive, enlightening, and fun way. Below are a set of principles practiced by this peculiar man which has contributed to persons deeming him as outstanding:

## **DI (The) Love Jock Pointers on Being Outstanding**

### **1. I am a brand**

I am not a mere individual but a brand and as of such, everything which I do brings value or devalues my brand.

Such a mindset takes confidence, which is confiding or making my desired plan known to the **GREAT I AM**.

### **Proverbs 16:3**

Commit to the LORD (the MASTER) whatever you do, and He will establish your plans.

### **Jeremiah 17:7**

But blessed is the one who trusts in the Lord (the MASTER), whose confidence is in him.

### **2. Be in the know**

Hosea 4:6 makes known "a lack of knowledge causes one to perish". Having knowledge of one's market (as in who has an interest in what one does), contributes

to focusing one's energy on tending to those persons of interest.

Such persons are known as the target audience, once you have established such and keep doing what pleases that audience, they will not only remain your audience but will eventually encourage others to also become such.

### **3. Be engaging**

Take time to know those who take the time to show interest in you, as a result of liking what you do. A lack of interest for their interest can get people to lose interest in you. **"Treat others, as you would treat yourself or desire to be treated"**.

### **Matthew 7:12**

Therefore, whatever you want people to do for you, do the same for them, because this summarizes the Law and the Prophets."

### **4. Be humble**

Do not deem yourself more important than anyone but instead regard everyone and treat all who you

encounter with respect, "regardless".

**James 4:6**

But he giveth more grace. Wherefore he says, God resists the proud but giveth grace unto the humble.

**Psalm 37:11**

But the meek shall inherit the earth; and shall delight themselves in the abundance of peace.

**5. Invest in self**

Spend money and time on things and persons who will improve you and make you and what you do better. Waste not time on things or people which contribute not to the fulfillment of the purpose for your life.

**Ephesians 5:11**

Don't waste your time on useless work, mere busywork, and unproductive pursuits of darkness.

**Ephesians 5:16-17**

Make the most of your time, because the days are evil. So then do not be foolish, but understand what the

will of the Lord (the Master) is.

## **6. Spend wisely**

(Buy Effectiveness and not necessarily Brand)

Think about the necessity of something before buying it and then the effectiveness and value of it and not just purchase a thing because it is popping or trending, and you want to be seen as hip or a part of the crowd.

### **Luke 14:28**

“Suppose one of you wants to build a tower. Won’t you first sit down and estimate the cost to see if you have enough money to complete it?”

## **7. Study YOUR craft**

Seek out as much knowledge as you can about the field you are in and those associated with it.

### **Proverbs 18:15-16**

An intelligent heart acquires knowledge, and the ear of the wise seeks knowledge. A man’s gift makes room for him and brings him before great people.

**2 Timothy 2:15**

Study to shew thyself approved unto God, a workman that needs not to be ashamed, rightly dividing the word of truth.

**8. Dare to be different**

Do not do what just about everyone in the field of your choice is doing because it seems easy and or it is what most persons in the field are doing, but instead, take the time to find out what is lacking or not being done and do it. Even though such a thing may not be accepted at first, find those who will appreciate it and present it to them constantly and find out from those persons, how you can improve on it. Add their suggestions to what you already have, and do not stop until it becomes a common thing.

**Romans 12:2**

Do not be conformed to this world, but be transformed by the renewal of your mind, that by testing you may discern what is the will of God, what is good and acceptable and perfect.

**Exodus 19:5**

Now therefore, that if you will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people: for all the earth is mine:

### **9. Learn from those before you**

Make it a point of duty to attain knowledge from those who have excelled and or are excelling in the field you are in. Learn what they did and how they did it, and then add your creativity to their methods and make it your own. Do not try to do it the way they did it, but do it the way you can do it.

### **Jeremiah 6:16**

Thus says the Lord: "Stand by the roads, and look, and ask for the ancient paths, where the good way is; and walk in it, and find rest for your souls.

### **Proverbs 18:15**

The mind of the prudent acquires knowledge, and the ear of the wise seeks knowledge.

### **10. Always plan ahead**

The failure to plan is said to lead to failure. Taking the

## The Kingdom Economist - “The Vault”

time to plan ahead for what one has to do, results in doing what has to be done with confidence and not uncertainty. Preparation eliminates confusion and gives the outlook of being professional.

### **Proverbs 21:5**

The plans of the diligent lead to profit, as surely as haste leads to poverty.

### **Proverbs 13:16**

“A wise man thinks ahead; a fool doesn’t, and even brags about it!”
